

## 🌴 About Marmaris

### ⌚ A Short Journey into History

The story of Marmaris didn't begin yesterday... In fact, it dates back as far as **12,000 BC!** Excavations in the **Nimara Cave on Bedir Island** prove that this region has been home to humans for thousands of years.

Known as **Caria** in ancient times, these lands have always attracted attention thanks to their fertile location where the **Aegean and Mediterranean** meet. As one of the most important gateways to **Rhodes and the Aegean Islands**, Marmaris carries traces of countless civilizations—from **Egyptians and Romans to Byzantines and Ottomans**.

The city's first name was **Physkos (Fiskos)**. Today, the remains of this ancient city can be seen at **Asartepe**. According to legend, when **Sultan Suleiman the Magnificent** saw the castle, he exclaimed “*Mimar as!*” (“Hang the architect!”). Over time, this phrase supposedly evolved into *Marmaris*. Legend or truth? Who knows 😊

---

### 📍 Geographical Location

Marmaris is surrounded by the **Reşadiye Peninsula** to the west, **Ula** to the north, **Balan Mountain** to the east, and the deep blue **Mediterranean Sea** to the south. The islands lining the gulf—**Adaköy, Bedir Island, Keçi Island, and Güvercin Island**—turn the scenery into a postcard.

📍 **Dalaman Airport:** just 1 hour away

📍 **Rhodes Island:** only 45 minutes away

---

### ☀️ Climate

Marmaris has a typical **Mediterranean climate**:

- Summers are hot and sunny ☀️
- Winters are mild and rainy ☁️

Although it is one of the雨iest regions in Turkey, **May to September** is almost rain-free. Snow? Only on high mountains... Seeing it on the coast is nearly a miracle ❄️

---

## 🌊 General Overview

Located at the meeting point of the Aegean and the Mediterranean, Marmaris enchants hundreds of thousands of visitors every year with its:

- Long coastline
- Pine-covered hills
- Turquoise bays
- Ancient cities
- Marinas and blue cruise routes

❤️ Marmaris is one of Turkey's first destinations that comes to mind when it comes to **yachting and blue cruises**. It also stands out with its endemic **sweetgum (liquidambar) trees**, natural harbor, and yacht maintenance workshops.
